Signed and notarized Oath of Office forms should be returned in duplicate to the Secretary of State, Index Department, 111 East Monroe, Springfield, IL 62756. The Index Department will return an executed copy to the Secretary to the Board for filing with the Board's records.

SECTION 2: TRAINING AND TRADING POLICY COMPLIANCE

All trustees are expected to timely complete all training required by state law as well as certifications required by the Trustee Personal Trading Policy and provide verification to the Secretary to the Board. The Rules & Personnel Committee of the Board will receive periodic reports of trustees' compliance status.

ARTICLE III: MEETINGS

SECTION 1: REGULAR MEETINGS

Regular meetings of the Board shall be scheduled at the beginning of each fiscal year.

SECTION 2: PLACE, HOUR, AND CONDUCT OF MEETINGS

Meetings of the Board and committees of the Board shall be held in the office of the System at an hour fixed by the President, or a majority of the members of the Board or committee; or at a convenient location approved by the majority of the Board or committee. All meetings of the Board and committees of the Board shall be conducted in accordance with the Open Meetings Act.

SECTION 3: ATTENDANCE

Trustees should make every effort to attend all meetings of the Board and committees of the Board in person. When personal attendance is not possible due to personal illness, disability, employment purposes, TRS business, or a family or other emergency, participation by telephone or video or audio conference is permissible, but only if a quorum of trustees is physically present at the meeting location.

A trustee who wishes to participate by telephone or video or audio conference shall request approval during the roll call of the meeting. A majority of the trustees attending in person must concur to allow that trustee to participate by telephone or video or audio conference. Except as specifically provided above, the Board and its committees shall not conduct business via telephone call or electronic means such as electronic mail, electronic chat, instant or text messaging, or any other means of contemporaneous interactive communication that does not require physical presence at the meeting location.

SECTION 4: SPECIAL MEETINGS

Special meetings may be called at any time by the President of the Board, either at the President's own demand or at the written request of a majority of the trustees. Notice shall be given to each trustee of the time and place of each special meeting at least 72 hours prior to the date of the meeting, by overnight courier, by electronic mail, by facsimile transmission if the trustee has a facsimile number on file with the System, or by telephone. Such notice shall contain information as to the subject matter for consideration at the meeting. Notice of a special meeting shall not be valid until a sufficient number of trustees to constitute a quorum have confirmed with the Executive Director's office in writing or by telephone that the trustee has received notice of the special meeting.

A majority of the trustees presently serving on the Board shall constitute a quorum for the transaction of business at any official meeting.

SECTION 6: VOTING

Concurring votes by a majority of the trustees presently serving on the Board shall be necessary for the adoption of any resolution or action by the Board. A tie vote fails.

SECTION 7: ROLL CALLS

On all motions or resolutions involving an expenditure of monies or the creation of a liability to the System, the vote of each trustee present shall be recorded in the minutes of the meeting. On any other motion or resolution, such a record shall be made at the request of any member present.

The Board and its Committees shall keep written minutes of all proceedings, whether open or closed, in which shall be recorded the date, time, and place of the meeting, whether each trustee was physically present, participated by telephone or video or audio conference, or was absent, a summary of all matters discussed, and a record of any votes taken. Board proceedings shall be transcribed into written minutes, which shall be submitted to the Board for approval at the next meeting.

The Executive Director shall ensure that a draft of minutes of the previous meeting and materials for each meeting are forwarded to all trustees on a timely basis, generally at least 10 days prior to the meeting date. Minutes of meetings open to the public shall be posted on the TRS website within 10 days of Board approval and remain posted for at least two years.

A trustee may access executive session minutes not yet released for public inspection at the TRS administrative office, and in the presence of the Executive Director or designee. The minutes shall not be removed from the TRS office location.

Executive sessions shall be recorded by audio medium. Audio recordings of executive sessions shall be retained no fewer than 18 months after completion of the executive session, and may be destroyed only after the Board has approved written minutes of the executive session and has approved destruction of the particular audio recording.

A trustee may access executive session recordings at the TRS administrative office, and in the presence of the Executive Director or designee. Requests shall be made to the Executive Director or Board President. Before making such request, the trustee should consider whether such request is germane to their TRS trustee responsibilities. While a trustee is listening to a recording, it shall not be re-recorded or removed from the TRS office location.

SECTION 9: TRUSTEE CONCERNS

At the end of each Board or committee meeting agenda, a block of time for trustee concerns will be allocated.

SECTION 10: PUBLIC COMMENT

No final action may be taken during any executive session.

Committee assignments including committee chairs and vice chairs shall be for a one-year term beginning July 15, unless otherwise specified in the committee charter. In the event that the committee chair position becomes vacant, the vice chair will fill the vacancy for the remaining term.

Ad hoc committees may be appointed by the Board as the need arises to carry out specified tasks that do not fall within the assigned function of a standing committee. The President shall be a voting member of each ad hoc committee. When the task is completed, the ad hoc committee automatically ceases to exist.

For vacancies that occur mid-year or for a special election, a newly elected or appointed trustee will fill the committee vacancies created by the outgoing trustee. When practicable, trustees should select lodging that offers state government business discount rates. Actual meal expenses are reimbursable up to a maximum of twice the applicable per diem rate (i.e. either in-state or out-of-state). Meal reimbursement requests in excess of the maximum rate are subject to approval by the Board President, taking into account whether the meal expense is reasonable for the locale. Alcoholic beverages, entertainment, and spouse expenses are clearly excluded from "necessary expenses."

III. POLICY

TRS recognizes its fiduciary responsibility to members, annuitants, and beneficiaries, and actively pursues compliance with all applicable laws, rules, codes of conduct, and policy. TRS expects its trustees to place the interest of TRS members, annuitants, and beneficiaries above their own when conducting personal trades, and to scrupulously avoid any actual or apparent conflict of interest when conducting personal investment transactions.

A. RESTRICTIONS AND PROHIBITIONS

A trustee must conduct all personal investment transactions in strict compliance with the obligations, restrictions, and prohibitions set forth in this policy.

a. Personal Investment Transactions

A trustee is prohibited from engaging in a personal investment transaction when the security appears on the Trustee Restricted List if the trustee, in the conduct of his or her responsibilities as a TRS trustee, would receive knowledge of significant trades occurring for the System, or when the trustee has knowledge of a pending or actual trade before it appears on the Trustee Restricted List.

A trustee may not engage in personal investment transactions based on TRS investment information if that information is not available to the public and was obtained by virtue of the trustee position.

A trustee may not engage in questionable trading activity that may be in conflict with pending TRS investment transactions, such as front running, even if such information is already publicly available.

b. Initial Public Offerings (IPOs)

B. VIOLATIONS

Violations of this policy will be referred to the Executive Director, and may be referred to the Chair of the Rules & Personnel Committee of the TRS Board of Trustees, or the TRS Ethics Officer, as appropriate in a given circumstance. Serious violations may be reported to the Executive Ethics Commission or the Executive Inspector General, as warranted.

3. COMPLIANCE ANALYST

The TRS Compliance Analyst (“Compliance Analyst”) is the contact person for the Personal Trading Compliance Committee. The Compliance Analyst receives all required reporting, maintains reporting records, updates the TRS Personal Trading Compliance Committee, and provides annual reports to the TRS Board of Trustees.

Blackout periods may apply to the full Board of Trustees, to trustees who serve on certain committees of the Board, or to one or more individual trustees based upon access to information. For example, additional restrictions may apply to the Chair or Vice Chair of the Investment Committee of the Board of Trustees, based on their knowledge of potential trade or rebalance activity.

LEGISLATIVE PLATFORM

The Board of Trustees of the Teachers' Retirement System of the State of Illinois (TRS or "the System") is a fiduciary trust charged with the responsibility of safeguarding and administering the retirement promises made to its members by the State of Illinois and the school districts and other organizations that employ them.

TRS believes that providing for a sound and financially secure retirement is good public and social policy. This is traditionally provided by offering multiple sources to fund a secure retirement. Namely,

- A core lifetime income stream from a Defined Benefit plan with shared risks and rewards.
- Supplemental individual savings that reflect the individual decisions and desires of the member. This includes the availability of tax-advantaged savings such as Defined Contribution plans.
- A safety net provided by Social Security. Since TRS members do not participate in Social Security, the soundness of the first two elements becomes paramount.

This legislative policy statement reflects these fiduciary responsibilities of the TRS Board of Trustees. In order to satisfy the Board's fiduciary obligations these objectives must be met:

- The State of Illinois must provide adequate, actuarially-based funding in order to properly fund the benefits provided by the Illinois Pension Code.
- The Board must have the fiduciary independence required to prudently administer the fund for the sole benefit of the membership and to attain the highest possible rate of return, consistent with the requirements of a qualified plan.

FUNDING

Funding must be provided on an actuarial basis as determined by the System and include regular and continuing contributions from the State of Illinois, local employers and members. As such:

- TRS supports measures to improve the System's funded position and continue on the path towards full funding.
- When the General Assembly passes benefit improvements, it must provide a funding source adequate to pay for any corresponding increase in the System's unfunded liability, if not already provided for in existing law.
- TRS will provide the time and expertise of System staff and consultants to prepare unbiased professional analysis of any legislative proposals in order to ensure that they are actuarially sound and prudently analyzed.

FIDUCIARY INDEPENDENCE

The Board as an independent fiduciary entity is charged with prudently administering the Plan established by the General Assembly as Plan Sponsor. As such:

- TRS opposes investment restrictions or mandates that would infringe on the System's fiduciary responsibilities. This includes any restrictions or limitations that infringe on the efficient administration of the plan or investing practices that unreasonably or unduly inhibit the System's ability to achieve the best possible investment performance.

- TRS opposes changes in Illinois statute or the Federal Internal Revenue Code that would adversely affect the tax status of the fund.
- TRS opposes any legislation or action that jeopardizes the plan's qualified status under the Internal Revenue Code.
- TRS opposes proposals that would create an undue administrative burden, unreasonable expense or that would not be able to be administered equitably to all members.
- TRS supports any proposal that would give the Board increased flexibility in meeting its fiduciary duties.
- TRS supports proposals that are adequately funded and that would remedy inequitable or discriminatory benefits.
- Since funding policy is determined by Illinois law and not by TRS, strict adherence to these principles is not within the control of the System. To mitigate the limitations that reality imposes:
 - TRS will determine annually the contribution required from the State of Illinois according to generally accepted actuarial principles.
 - In those instances where the contribution determined according to Illinois law is less than an actuarially-determined contribution, TRS will certify both the actuarially-based contribution and that required by statute.

PRINCIPLES OF FIDUCIARY GOVERNANCE

The Board of Trustees of the Teachers' Retirement System of the State of Illinois (TRS or "the System") is a fiduciary trust charged with the responsibility of safeguarding and administering the retirement promises made to its members by the State of Illinois and the school districts and other organizations that employ them.

TRS believes that providing for a sound and financially secure retirement is good public and social policy. This is traditionally provided by offering multiple sources to fund a secure retirement. Namely,

1. A core lifetime income stream from a Defined Benefit plan.
2. Supplemental individual savings that reflect the individual decisions and desires of the member. This includes the availability of tax advantaged savings such as Defined Contribution plans.
3. A safety net provided by Social Security. Since TRS members do not participate in Social Security, the soundness of the first two elements becomes paramount.

Aware of our public profile and recognized leadership both in Illinois and nationally and acting within the statutory provisions governing TRS described above, TRS will adhere closely to the several fiduciary obligations it is charged with carrying out. Namely,

1. Provide annually the contribution required from the state according to generally accepted actuarial principles;
2. To prudently invest those contributions and,
3. To administer the payment of these benefits as efficiently and effectively as possible.

CONTRIBUTIONS

Since funding policy is determined by Illinois law and not by TRS:

1. TRS will determine annually the contribution required from the State of Illinois according to generally accepted actuarial principles.
2. In those instances where the contribution determined according to Illinois law is less than an actuarially determined contribution, TRS will certify both the actuarially based contribution and that required by statute.
3. While TRS currently does not have the authority to demand payment of its annual contribution, it will fulfill its fiduciary obligation by providing expert and unbiased analysis that describes the impact of any funding shortfall.

INVESTMENTS

In order to carry out its fiduciary obligations to manage the investment portfolio of the System for the sole benefit of its members, TRS must have the independence necessary to fully exercise its responsibilities. This includes:

1. The ability to hire qualified and skilled management and staff and to pay them fairly.
2. To select or ratify, as necessary, advisors necessary to carry out its investment program.

3. To pursue an investment program that is not limited in its ability to invest in all markets, classes of assets and individual companies and securities that offer risk and return profiles appropriate for a long term investor such as TRS.

BENEFITS ADMINISTRATION

TRS is committed to organizational excellence so that it might fairly and efficiently administer the benefits earned by its members. This requires TRS ensure that:

1. All members receive the same excellent service. TRS must have the independence required to hire skilled and experience leadership and staff and to equip them with the resources essential for fair and efficient operations.
2. We always act with the best interests of the System and all its members equally in mind. One group of members cannot subsidize the security of the benefits of another group of members.
3. The tax-exempt status of the trust is preserved and the deferred treatment of income tax on employer contributions and related earnings is maintained. TRS will oppose any proposed legislation or other action that would threaten this status.
4. We are prepared to offer our members the services and support demanded by a dynamic and challenging environment, including forward thinking financial education that serves the needs of our members and employers.

ETHICS

As more fully described in the Board of Trustees Manual, TRS endorses strict adherence to, and enforcement of, all applicable federal and state disclosure requirements and ethics policies that demand unassailable conduct by System staff, trustees and service providers, including:

1. Undivided Loyalty to the Fund: Public fund fiduciaries should abide by the highest ethical standards, making all decisions in the best interest of System participants, placing those interests above all other interests with uncompromising rigidity.
2. Open and Honest Decision-making: Public fund fiduciaries should act with integrity, objectivity and independence, and make decisions in a fair, honest and open manner, sharing information with fellow fiduciaries and all interested parties to enhance the quality of the System's decision-making process.
3. Due Diligence: Public fund fiduciaries, including those who are under contract to provide services to the System, should be familiar with applicable laws, and take all reasonable steps necessary to ensure a full and accurate understanding of the trust, conflict of interest, financial disclosure and other ethics-related laws applicable to the System.
4. Assessment of Relationships with Others: Public fund fiduciaries should carefully review the trust and conflict of interest laws applicable to the System to ensure that the fiduciaries' relationships with other parties are not incompatible with the duties to the System, and service providers to the System should divulge pertinent business activities, relationships and alliances including, among other things i.) all services the firm, its principals, or any affiliates provide that generate revenue, ii.) if the firm is owned in whole or in part by other firms or organizations, or if the firm owns other firms or organizations, that sell services to public pension systems, and iii.) if the firm, its principals, or any affiliate has any strategic alliances with firms that sell services to public pension systems.

DIVERSITY

The best decisions are made when all voices have been heard. Reflecting the diversity of our membership and the State of Illinois generally, TRS will promote the advancement of diversity in its governance, board membership, hiring, business relationships and all other practices.

RISK MANAGEMENT

Risks of many types are a necessary reality for TRS. Risk can be understood to mean anything that threatens our ability to fulfill our fiduciary responsibility to steward the mandates regarding contributions, investment practices and benefit administration described above. TRS will engage in active enterprise-wide risk management in order to mitigate the impact of those risks necessarily assumed in the conduct of our business.
