Defined Contribution (DC)

Why is employer reporting important?

Employer Role

Timely and accurately process and remit SSP contributions in accordance with TRS guidance.

Employers should review the most recent SSP Deferrals Report prior to each payroll to ensure contributions are withheld in accordance with the member's SSP elections.

SSP contributions should be reported **as soon as administratively possible** after being withheld from payroll, in accordance with 457(b) and [SSP Plan](#) rules.

Employee/Member Impact

An SSP (DC) Report should be submitted to TRS in Gemini (through the Submit Payment step) for the corresponding contribution amount(s) to be transferred via ACH to Voya's bank. Until this takes place, the **funds** are not deposited into the participant's SSP account.

Defined Contribution (DC) reports should be submitted as close to the employee's pay date as possible. This allows Voya to **invest the funds** as the employee intended.

The bookkeeper should verify the exact deferral amount that was taken on payroll. If \$225.00 was deducted on payroll, then that is what should be reported in Gemini. The deferral should be corrected on the next pay period.

IF **\$250.00** was taken on payroll, and the **\$225.00** was a typo, you need to correct the Contribution Amount.

There are **TWO** ways to make the correction on the report.

Option 1: Edit Details

Please review the SSP Deferrals Report to determine the appropriate Contribution Category for this member. Ensure your payroll records reflect the correct Contribution Category for taxability purposes.

If the incorrect Contribution Category was taken on payroll (Pretax vs. Roth), please correct on payroll on a future pay date to ensure proper taxes were taken. The elected Contribution Category must be reported in Gemini.
